WE ARE IMPERIAL

We are locally owned and employ some of the best creative geniuses in New Zealand & Australia, attending to local and international clients.

WE ARE EXPERIENCED

Imperial Apps is an application development company with experience measured by dozens of successfully completed projects. We develop apps and services on all of the most popular platforms including Android, Windows, iOS or Cloud solutions. We are passionate about turning your ideas into real world-changing apps

WHY CHOOSE US

We are leaders in providing your business with sound advice when it comes to App development. We don't just develop any app, we build with class, purpose and according to client specifications and requirements. Efficient, satisfactory and accurate service delivery is guaranteed.

WE INCREASE SALES

We offer custom mobile applications designs and developments for your business and personal use. We are specialists in creating apps that meet the users' needs for an amazing mobile experience. The apps also increase engagement with your customers, improve your sales and create a new sales channel.

EXPERTS IN BLOCKCHAIN

We offer a wide range of blockchain-related services including distributed systems, smart contract development and audit, development of custom blockchain powered apps and setting up private blockchain.

SMART CONTRACTS

Our smart contract development and full stack Blockchain and Ethereum development service includes exchange platforms, smart contract management platforms and secure cryptocurrency apps for multiple platforms.

CRYPTOCURRENCY

We assist enterprises and entrepreneurs to integrate Bitcoin, Ethereum and other cryptocurrencies into their legacy systems, suitable to the unique requirements of clients.

SOME OF OUR CLIENTS

Our success as a business depends on our continuing ability to meet the evolving needs of our clients.

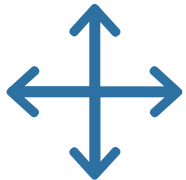

Teddit

WHY CHOOSE IMPERIAL APPS?

INTEGRATED SOLUTION

Whether it's a simple website, a large and sophisticated system, a mobile app, a chatbot or all of these things together; we can build services with efficiency and effectiveness.

We don't just develop projects, we deliver according to the business requirements of our clients and this instantly kicks their business up.

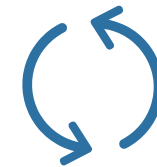

CLIENT CENTRIC PROJECT MANAGEMENT APPROACH

The positive experience of our clients working with us resulted in over 85% clients returning to us for new projects.

Our client centric project management approach helps us develop long lasting relationships with our clients. Whether you're a startup or a well-established business trying to find a reliable partner, we have a service approach tailored specifically for your business model.

QUALITY FOCUSED DEVELOPMENT

We build quality products in timely fashion using our systematic approach, experienced and skilled team, knowledge of cutting-edge technologies / methodologies such as Agile/Scrum, test- and behavior-driven development, continuous integration and test automation.
